BRM-2D

4-SIDED GLASS MERCHANDISER / REFRIGERATOR

FEATURES

- Dual pane tempered glass doors and sides enhance energy efficiency by preventing heat loss and minimizing condensation.
- Twin pass through doors provide easy access for impulse purchases and product restocking
- Interior LED lighting.
- Internal hidden bottom mounted compressor with flow through ventilation to cool the utility compartment.
- Manual defrost cycle maintains ideal storage conditions if frost build-up becomes an issue.
- Internal condensate evaporator pan included.
- No drain connection is needed.
- Flat top accommodates POP or other marketing support concepts
- 3 heavy-duty, adjustable chrome-plated wire shelves are provided.
- R-290 system refrigerant delivers energy savings and presents no environmental risks as it's Global Warming Potential value of 3 is unsurpassed by any other commercial alternative.
- **Unit conforms to 2017 DOE requirements.**

TEMPERATURE

- Holding temperature: 32° to 54°F (0° to 12°C)
- Digital control system maintains the optimum temperature and is easily changed to deliver the ideal holding conditions for your products.
- Designed to store pre-chilled packaged & sealed product at the ideal serving temperature. Not intended to perform as a pull down refrigerator.

CONSTRUCTION

- Exterior Material: Durable, corrosion resistant black painted steel, black plastic trim and stainless steel base panels.
- Interior Material: ABS, an easy to clean, low maintenance surface
- Shelf height is adjustable.

FEATURES

Clear Glass 4-Sided Countertop Glass Door Merchandiser is designed for durability and visual appeal in promoting impulse sales of your product. This glass door merchandiser is energy efficient and effective at keeping product at exactly the right temperature keeping food fresh & delicious for longer time periods. The simple-to-use but precise digital controls allows for accurate temperature settings and regulation. Unit comes with an internal condensate evaporator so a floor drain connection is not necessary. The unit comes with a NEMA 5-15 cord set, making it a "plug and play" appliance.

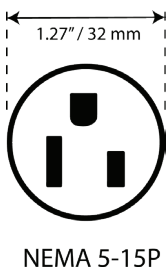

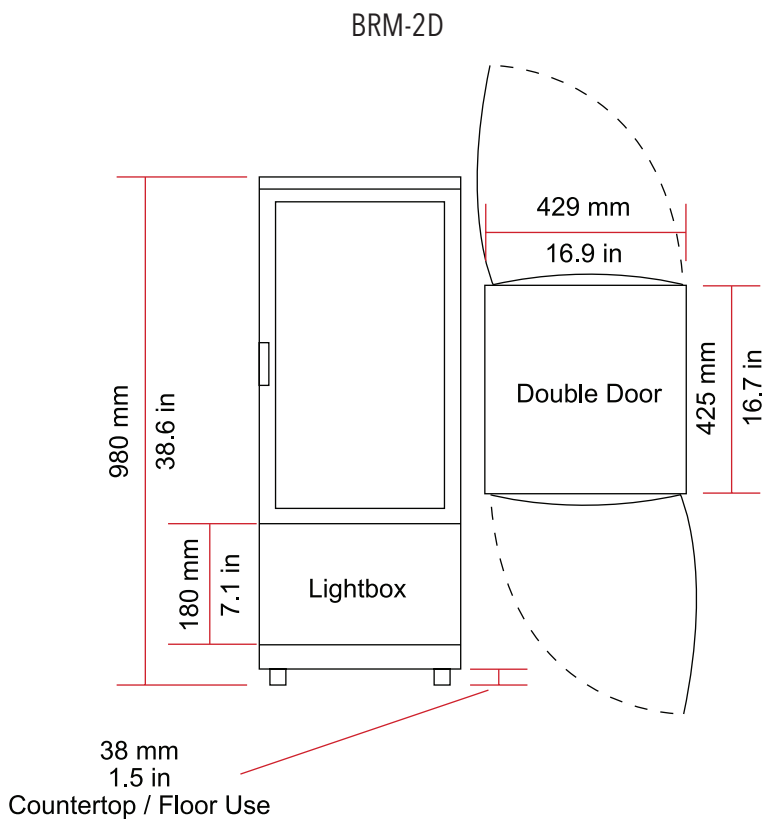

Berg's continuing commitment to quality products may mean a change in specification or pricing without notice.

   	Specifications subject to change without notice.
	Approvals: ANSI-NSF 7, ANSI UL 471, DOE2017

BRM-2D

4-SIDED GLASS MERCHANDISER / REFRIGERATOR

REFRIGERANT

Environmentally-friendly R-290 propane
a naturally occurring, energy efficient refrigerant with a GWP value of 3

ELECTRIC SERVICE

110/60Hz/1 Ph (NEMA 5-15)
Cord set includes plug & 6' (2m) cord
Daily power consumption: 2.3 kWh
Be sure to use a grounded, dedicated circuit protected to 150v / 20 amps

Model	Dim (W"xD"xH")	Nominal Capacity	Doors	Shelves	Watt Rating	Average Amp Draw	Weight	Refrigerant
