

Sliding Glass Door Chest Freezers

BERG's Sliding Glass Door Chest Freezers are great for storing bulk food items in any foodservice establishment. The white powder coated exterior and PCM aluminum interior is durable and easy to clean. The environmentally-friendly R290 refrigerant and thick insulated walls ensure that these freezers will always maintain ideal operating temperatures. Easy-to-use controller with indicator lights lets you know the status of the machine. The drain plug in each unit allows for easy cleaning. These models are ETL Listed and ETL Sanitation and are backed with a 1-year warranty on parts and labor.

Product Features

- Tempered sliding glass doors with coated trim
- White PCM aluminum interior
- Brilliant internal LED illumination
- Environmentally-friendly R290 refrigerant
- Manual temperature controller with light up indicators

- Manual defrosting
- Wire-coated baskets for organization inside the unit
- Drain plug inside the unit for easy cleaning
- 1 year warranty on parts and labor

Features

Cooling System

- Refrigeration units use environmentally friendly R290 refrigerant
- Maintain a temperature range of -4° F to 10° F
- Thick wall insulation helps to keep ideal temperature inside the cabinet

Electrical Control

- Manual temperature controller with 0-7 settings
- Power and operating light indicators to know when the unit is on and running
- 8' power cord with NEMA 5-15 plug from the back of the unit

Cabinet Construction

- Exterior is constructed of a steel with a durable white powder coating
- Interior is constructed of white PCM aluminum
- The cabinet is insulated throughout with a foamed-in high density cell polyurethane insulation
- Drain plug located on the bottom of the cabinet allows for easy cleaning

Baskets

- Includes plastic-coated wire baskets to help keep your stored items organized and properly merchandised inside the cabinet

Lids

- Tempered sliding glass doors with coated film
- Framed by dark gray plastic and silver aluminum

Model Features

- The bottom of all units have built in casters for sliding in and out of spaces for easier cleaning.
- Utilizes a 115V electrical connection
